

Partners in Education: Teamwork Fundraising

Mater Dei High School has teamed up with Teamwork Fundraising to bring a "New Generation in Fundraising" to its development efforts. By joining this program, Mater Dei places itself at the forefront of community stewardship - being responsible for the long-term viability of the institution's relationships with businesses who commit their support.

Teamwork Fundraising creates a "Win-

Win" between its business partners and your business. When you use a

Teamwork Fundraising service, Mater Dei becomes the partial beneficiary of each transaction. A piece of your qualifying business expenses transforms into support for the school. JONATHAN TUFO '91, Director of Development said, "Mater Dei is already using Teamwork to process our credit card transactions. It's an easy web-based program that allows for multiple users to enter credit card transactions. Teamwork beat the fee that we were previously paying, and a portion of every transaction comes back to the school. Now we are open-

ing this opportunity to our supporters in the community."

Teamwork's strategy allows the business community to support the school in the everyday course of doing business. You can support Mater Dei with a seamless, invisible retail experience. Teamwork Fundraising is presently providing credit card processing, business insurance and vending services. They are planning to add office supplies, background checks and printing to their portfolio during 2005. For more information, please contact Jonathan Tufo in the Office of Development at (714) 850-9534.

As a result of the MD 2000 Capital Campaign, many corporate partnerships have been formed between the school and generous businesses in the county. If you know of a company that might be interested in working with Mater Dei's redevelopment effort, please forward the name to the Office of Development by calling (714) 850-9534.
